M I D W E S T , I N C .

*The only one happier than us  
about our new facility  
will be you.*

Labtech now has 12,000 sq. ft. to serve you better.

No, we haven't moved to Italy! We're still in the same zip code as before. But now LabTech Midwest can give you more. More testing capability. More service and warehouse space. More inventory of gently used furniture and hoods. More of everything you need to make your lab as safe and efficient as possible.

When it comes to the testing and certification of laboratory containment devices, no one comes close to LabTech. We are trained and equipped to meet and exceed the demands of OSHA and the NEW Laboratory Ventilation Standard (ANSI Z9.5) so you never have to worry.

In fact, our quality and safety standards are so high we've been selected by the Wisconsin Biotechnology & Medical Device Association to work with its members.

To find out more about how our new facility can help us serve you even better, call Mike Bishop at 262-754-9800.

2100 S. Calhoun  
New Berlin, WI 53151
